

KNOX RESENTS  
INSINUATIONS

Secretary of State Loses Temper Before Committee.

## VOUCHER MYSTERY DEEPENS

Another Receipt for Money Paid to Artist Rosenthal for Portrait of Secretary Day Is Placed Before Hamlin Committee by Mr. Knox—Chairman Intimates Receipt Has Been Drawn Up Since Inquiry Began and Secretary Hotly Replies.

Washington, June 15.—The mystery that surrounds the discovery in the state department of the Day portrait voucher, found a week ago on the floor of the office of Disbursing Clerk Morrison, was not cleared up when Secretary of State Knox appeared before the Hamlin committee of the house.

As to the voucher signed by Albert Rosenthal, the portrait painter, calling for \$2,450, of which sum Rosenthal got but \$850, Mr. Knox could give no new facts. He only knew that he had started a search for it as soon as he heard about the case and that the search failed to reveal any trace of the voucher or letters that were supposed to be with it.

A week ago, said Mr. Knox, Mr. Carr brought the voucher and papers to him, saying that they had been found on the floor of Disbursing Clerk Morrison's office.

Secretary Knox added a new element to the mystery.

"You will be interested in another receipt from Mr. Rosenthal that is attached to the papers," he said to the committee. "It was signed Jan. 18, 1904, and is for \$790, with a notation that \$60 for the frame of Secretary Day's picture had been paid to a Washington picture dealer."

"Where did this second receipt come from?" demanded Mr. Hamlin. "I found it with the papers; that is all I know of it," said Secretary Knox. "The members of the committee, upon examination, found that it was not actually dated Jan. 18, 1904, but read: 'Received Jan. 18, 1904, the sum of \$790,' with an explanation of the purpose."

## Believes Something Wrong.

Mr. Hamlin declared he believed there was something wrong about the receipt. He intimated that he believed it had been fixed up, at least as to the explanation written in ink across the bottom, after the present investigation began.

"Do you mean that you suspect some one in the state department is guilty of committing perjury?" demanded Secretary Knox with heat.

"There is no intention to reflect on you personally, Mr. Secretary," returned the chairman, "but I am strongly of the opinion that this was prepared after this inquiry began."

Howard Sangston, the messenger in Distributing Clerk Morrison's office, said he found the envelope among a lot of crumpled ones by Mr. Morrison's waste basket. He said Mr. Morrison always threw the crumpled envelopes down on the floor and that in picking them up at the close of the day he found the heavy envelope among them.

Secretary Knox introduced the letter Secretary Root had written to W. H. Michaels, now consul general at Calcutta and former chief clerk when the Rosenthal matter first came up in 1906; and the reply of Mr. Michaels. These were all the explanations the state department has, said Secretary Knox.

The Root letter called Michaels' attention to the fact that the voucher had been found without any bill or memorandum attached and that the amount was much in excess of the sum usually paid for portraits of former secretaries.

Mr. Michaels' reply from Calcutta said the payment had been agreed upon by Justice Day and Mr. Rosenthal.

## ROOT AMENDMENT MAY FAIL

House Leader Believes It Will Not Pass Senate.

Washington, June 15.—After a conference with President Taft at the White House Majority Leader Underwood of the house declared he thought the Root amendment to the Canadian reciprocity bill would not be adopted by the senate.

"If it should be," he added, "there would be a serious hitch between the house and senate, as the Democrats in the house are pledged against it."

The president also had a conference on the reciprocity bill with Senators Penrose and Smoot. They said the Root amendment was not discussed.

## Minnesota Gets King's Medal.

St. Paul, June 15.—In recognition of the services rendered by Minnesota to the earthquake sufferers at Calabria and Sicily in 1908 a silver medal and diploma was received at the governor's office from the king of Italy, accompanied by a letter of appreciation from the Italian department of state. The medal and diploma will be placed in the room of the State Historical society.

ATTORNEYS AND  
CHAIRMAN CLASH

Railroad Rates Cause Trouble at Steel Trust Inquiry.

## CLAIMS RATES EXORBITANT

Chairman Stanley Produces Figures to Show That Rates Charged for Hauling Ore Over the Steel Trust Roads in the Lake Superior Region Are Excessive and Resulted in Unjust Cost to Independent Owners.

Washington, June 15.—The United States Steel corporation intends to suggest to the Stanley steel trust investigating committee the calling of witnesses whom the committee may overlook and who may throw light on matters in question and also to suggest that questions be asked if the committee fails to bring out facts possessed by such witnesses.

R. V. Lindabury, counsel for the steel corporation, declared his intention after the examination of James Gayley, former vice president, in answer to an inquiry by Representative Young of Michigan.

The steel corporation counsel and the chairman brushed again over the introduction of railroad rate figures relating to the steel trust railroads in the Lake Superior ore region. The chairman had secured rates per ton on ore hauled by the Duluth and Iron Range and the Duluth, Missabe and Northern, steel trust roads, from the interstate commerce commission and had employed an engineer to compute from these figures the rate per ton per mile.

The purpose was to show that the rates charged for hauling ore over the steel trust roads were exorbitant. The charges, he said, were paid from one steel trust pocket to the other, but resulted in unjust cost to independent owners and thus increased unfairly their cost of production.

Mr. Lindabury objected to the introduction of the figures without the identity of the author.

The committee will not meet again for several days, probably not until next week after the passage of the wool bill in the house. The future course will be determined within a few days. Among the first witnesses to be called will be James A. Farrell, president of the steel corporation.

Mr. Gayley explained many details about the ore holdings and shipping facilities of the steel corporation and was excused with the understanding that he might later be recalled.

## TRACE OWNER OF CLOTHES

Police Have Clue to Garments Found Near Minnesota University.

Minneapolis, June 15.—The police believe they have identified the owner of the clothes found near the place on the state university grounds where Joseph D. Bren said he was held up on June 2 and robbed of \$13,800 and with the idea of following every clue they are trying to locate the man to get from him what information he can give regarding the clothing.

According to the police the clothing may have belonged to a man who was employed on the construction of a tunnel at the university and who now is supposed to be in Wisconsin.

What the police want to find out is how his clothes came to be found near the scene of the alleged holdup—whether he threw them away there or whether he discarded them and they were found by some one, who put them in the shrubbery as a hoax, or whether by some chance the supposed former owner of the clothes is able to give any direct information regarding the holdup.

## TARGET PRACTICE HALTED

Minnesota Farmer Threatened to Shoot Militiamen.

Camp Lakeview, Minn., June 15.—Target practice of Minnesota national guardsmen on the 400-yard rifle range was stopped suddenly when a man appeared without warning from among the underbrush on the side of the bluff and ran through the hail of bullets. He was brandishing a heavy rifle.

"Stop shooting. I will kill the next man who dares to fire another shot," he yelled.

Troopers were sent to arrest him. He said he was a farmer living on the far side of the bluff and that the lives of himself and family and stock had been endangered by the bullets fired on the range. The bullets, he said, were ranging on his outbuildings and his premises instead of embedding themselves in the side of the bluff. Firing was instantly stopped and Colonel Reeve ordered an investigation.

## Chinese Cruiser to Mexico.

Peking, June 15.—It is learned that the Chinese government will dispatch the cruiser Haiyung to Mexico within a week to protect Chinese residents there.

C. W. HAMLIN.

Chairman of Committee in State Department Inquiry.

by American Press Association.

## M'CUMBER ASSAILS MEASURE

Declares Reciprocity Will Injure the American Farmer.

Washington, June 15.—Senator McCumber of North Dakota opposed the reciprocity agreement in the senate on the ground that it would injure the American farmer.

"I believe this treaty," said Senator McCumber, "if enacted into law, would not only postpone for many years the consummation of a hope indulged by the farmers of the country, a hope held out to them by every speaker and writer who sought to secure and hold their votes for the protective policy of the country, but that its logical result would be to destroy the policy itself. I must, therefore, either repudiate all I have advocated for years or oppose the consummation of this agreement."

ST. PAUL MAN MAKES  
RELUCTANT WITNESS

Testifies Before Grand Jury in Lumber Inquiry.

Chicago, June 15.—Four witnesses testified before the federal grand jury conducting an investigation into the lumber industry.

John E. Rhodes of St. Paul, who is credited with knowing much about the alleged illegal and coercive methods employed by the lumber interests, proved a reluctant witness. He brought with him copies of letters, memoranda sent to him and the originals of letters received by him or the Weyerhaeuser company, the Lumber Secretary's Bureau of Information, the Northwestern Lumbermen's association, the Mississippi Lumberman and the Northwestern Information bureau.

He also brought what is known to the lumber trade as "the lumberman's code" and "the book of ethics."

Others who testified were C. E. Book of Plandreau, S. D.; H. B. Scott of Davenport, Ia., and Walter M. Manuel of St. Louis.

The investigation, it was said, will be ended within the next week.

## HUSBAND AND WIFE INDICTED

Lloyd Carlton and Spouse to Stand Trial for Nests Murder.

Bemidji, Minn., June 15.—Lloyd Carlton and his wife, son-in-law and daughter of Peter Nests, whose mutilated torso was found on the Nests farm, were indicted by the grand jury at Park Rapids for murder in the first degree.

Husband and wife were arraigned before Judge McClenahan and through E. E. MacDonald of this city entered pleas of not guilty. The trial was set for June 22.

County Attorney Wooley and Sheriff Petrie have taken the remains in charge and have summoned fifteen persons as witnesses to the removal of the body from the farm. Identification of the body is said to be positive.

## TO CRUSH LATEST UPRISING

Spain Will Explain to France Her Object in Morocco.

Madrid, June 15.—It is understood here that Spain's intervention in Morocco will be explained to France on the ground that it had become necessary to crush the risings, led by the pretender to the Moroccan throne. The latter burned ten villages near Alcazar and proclaimed a holy war. Raisuli, the bandit, commanding the friendly tribes, attacked the pretender, captured Hamid Ben Malek, a Spanish protegee, and recaptured the latter's two sons.

WILSON LIKELY  
TO OPPOSE TAFT

New Jersey Governor Seems to Have the Lead Now.

## HELPED BY WESTERN TOUR.

Friends of Governor Harmon and Speaker Clark Do Not Concede That the Democratic Nomination Is Settled, and La Follette Has Backers For the Republican Leadership.

By ARTHUR W. DUNN.

Washington, June 15.—[Special.]—That Taft and Wilson will be the opposing candidates for president is the impression of the best political judges at the present time. Of course everything is subject to change, but there is not the slightest doubt about the nomination of President Taft. It is doubtful if any one will be presented to the Republican national convention in opposition to him, although there is talk among insurgents that Senator La Follette will be their candidate.

No doubt the talk about Governor Wilson has received an impetus on account of his recent trip through the country, together with the implication that Bryan is ready to support him. The friends of Governor Harmon and Champ Clark are far from conceding that the Democratic nomination is settled, although there is so much Wilson talk in the air.

Friends of Taft are carrying the Republican convention with a rush just now, and that is true to some extent of the friends of Wilson. But it is a year before the conventions assemble, and much can happen in a year.

King Caucus. One crowd of men are not much better than another crowd of men, although they may have different party predilections. For instance, Congressman Madison of Kansas is an insurgent. He never did like the way the Cannon crowd and the Republican majority in the past congress ran the house. He therefore became actively insurgent and bolted and expressed the opinion that he would not stand for machine made rules of caucus dictation.

When the discussion began upon the wool bill he pleaded with Chairman Underwood to limit general debate to which no one listened and give a wider range to debate under the five minute rule, when more members would be present and the debate might be more effective. During the colloquy it developed and Underwood stated that the caucus of the Democratic party had declared for the bill and that it would be passed as presented without amendment.

No greater exhibition of "king caucus" rule has ever been known or more frankly declared. The fact is that the party in power rules with an iron hand as long as it can. Both parties try for caucus support and try to bind the recalcitrants. That is what the Democrats have done. The Republicans had sixteen years of that kind of management, and then there was a revolt. The difference between the parties and the party managers in this regard is so small that it cannot be discovered by a microscope.

Congressmen Will Be Absent. Unlimited general debate on the wool schedule by the house has had the effect of sending the majority of the members to their summer homes, the seashore or to places outside of Washington. No one cares what is said or who says it. The present congressional interest centers largely in the senate.

Best Summer Resort. The president ought to spend the summer in Washington, according to Senator Nelson of Minnesota. Having called congress here, he thinks Mr. Taft should stay with it. Washington is a good presidential summer resort, he says.

"Senators will be grayer than they are now before the reciprocity bill passes," said Nelson, with all the rick blood showing in his countenance. The impression seems to be that Nelson means to fight the reciprocity bill to the death.

Partial Victory. The new Lorimer investigating committee was in reality elected by the senate as proposed by Senator La Follette, which is a partial victory for the Wisconsin senator. But the committee selected is one chosen by a combination of the conservative elements in both parties, who have shown that they do not intend to be run by the new and radical elements.

La Follette has thirteen senators on the Republican side who vote with him and about the same number on the Democratic side. A few years ago he stood alone as being too radical to have support from members of either party, while he now seems to have a strong following on both sides of the political aisle. The condition in the senate shows what rapid changes occur in politics.

Culberson on Hand. Although Senator Culberson was not chosen minority leader, he is at all times on hand looking after the interests of the Democratic party. He once held the position, and he cannot very well avoid taking up the work when there is an opportunity to score a Democratic point. But for years the minority leadership has been somewhat nebulous owing to the desire of so many men to be their own leaders.

John Sevenden, Composer, Dies. Copenhagen, Denmark, June 15.—Johann Sevenden, the composer, is dead.

## WOULD CURB MISSOURI RIVER

Sioux City Wants Army Engineers to Save Factories and Parks.

Washington, June 15.—Four hundred acres of land on the South Dakota bank of the Missouri river have been washed away above Sioux City, Ia., and urgent request has been made to the war department by that city to permit the engineer force of the army, now lying idle there, to begin work in "riprapping" the bank. The city is willing to stand half the expense.

The change in the course of the channel is now threatening a large tract where are several large manufacturing plants and a public park. It is stated that unless steps are taken immediately to make permanent the South Dakota bank this tract will be carried into the river, resulting in heavy loss to both the city and to private interests.

JAPAN WOULD SECURE  
INITIAL VICTORIES

German Army Officer's Opinion in Event of War.

St. Paul, June 15.—In the event of war between the United States and Japan before the Panama canal is completed the Oriental country undoubtedly would prevail on the Pacific coast at the outset, although it might be defeated in the end, according to Captain G. J. von Meyer-Poheim, captain in the First regiment of dragon guards of the German army, who was the guest at luncheon of Governor Eberhart and Hendrick Strom, president of the Norden club.

The captain made a visit of courtesy to the governor and was shown through the capitol by the chief executive. Later he was the guest of George C. Rogers, with whom he dined at the Aberdeen.

Captain von Meyer-Poheim is making a tour of observation of the country as the personal representative of Emperor William.

As the guest of the United States army officers he was on the Mexican boundary during the fighting, close enough to view the battles at Agua Prieta and Juarez. Asked what he thought of the military aspect of the battles he said with a shrug, "They were not much."

After leaving the Mexican boundary he traveled north to San Francisco, Seattle and Vancouver, thence east to St. Paul.

Worn prominently on the lapel of his coat was a large gold star, which, the captain explained, was once worn by General Ulysses S. Grant and was presented to him by General Frederick D. Grant.

This is the officer's third visit to the United States. Two years ago he rode horseback from New York to San Francisco, which required 135 days. Some years ago he rode horseback from Eastern China to Berlin, 11,200 miles.

From St. Louis the captain will go to the West Indies and then to South Africa, returning home by way of Egypt.

Anachronisms of the Future. An article in Popular Mechanics suggests some historical absurdities which future authors may attempt to perpetrate on the gullible public. The illustrations show Joan of Arc at her sewing machine, an X ray examination of a civil war soldier, the sinking of the Maine by bombs dropped from an aeroplane, George Washington posing for his photograph, etc. With the lapse of centuries historical boundaries are apt to become hazy, and these anachronisms which appear impossible now may pass unchallenged later.

To Keep From Moving. "Now, you two children go to your room and see that you don't move for an hour," said the woman, out of patience.

"We may play chess, then, mamma?" inquired the larger boy.—Yonkers Statesman.

KELLOGG FAVORS  
CHARTER PLAN

EASTERN BAKERIES MERGE

Chain of Bread Shops in Fifteen Large Cities.

New York, June 15.—Twenty-one big baking companies in cities dotting the East and South from Boston to St. Louis and New Orleans threw in their lot together, merging under the name of the General Baking company, with a total capital of \$20,000,000 in stock and \$5,000,000 in bonds. The new chain of bakeries will be operated in fifteen cities.

It is denied that a bread monopoly is contemplated.

The cities with companies in the merger are New York, Boston, Providence, Newark, Jersey City, Philadelphia, Pittsburgh, Washington, Cleveland, Canton, Toledo, Detroit, Wheeling, Rochester, Buffalo, St. Louis and New Orleans.

## WANTS MORE G. A. R. MEMBERS

North Dakota Commander Opens Encampment at Grand Forks.

Grand Forks, N. D., June 15.—Steps to bring into the membership of the Grand Army of the Republic every veteran of the Civil war residing in North Dakota were urged at the opening of the annual encampment here by Commander Roberts of the G. A. R. and by Mrs. Elsie M. Powell, president of the Woman's Relief Corps.

Both speakers quoted figures to indicate that there were 2,500 veterans of the war residing in North Dakota, receiving pensions from the government, and that out of that number only 400 were members of the organization.

There are about 300 of the members of the two associations at the encampment here.

## Iowa Veterans Elect Officers.

Muscatine, Ia., June 15.—The Iowa veterans of the G. A. R. in annual convention elected the following officers: Commander, Lot Abraham, Mount Pleasant; senior vice commander, Jerry M. Carl, Muscatine; junior vice commander, A. L. Ogg, Indianola; medical director, Dr. E. L. Wing; chaplain, Henry B. Barnes, Keokuk; Mason City was awarded the 1912 convention.

Urges Federal Control of Gigantic Corporations.

## GOVERNMENT TO FIX TERMS

Minnesota Trust Buster Says Desirable Restrictions Would Not Be Agreeable to Judge Gary and Other Big Captains of Industry—Compensation to Injured Workmen Should Be One of the Terms Upon Which Charters Would Be Issued.

Washington, June 15.—Federal incorporation is the logic of existing conditions in the industrial world, according to Frank B. Kellogg, trust buster, who appeared before the employers' liability and workmen's compensation committee.

Mr. Kellogg admitted that the restrictions he would place in the charters to be granted by congress to the big corporations probably would not be agreeable to Elbert H. Gary and other captains of industry who had advocated similar legislation.

"If the government charters the great corporations it may place in its charters such restrictions as it sees fit, the observance of which will be required by each corporation if it is to continue in business. Payment of compensation to workmen injured in industrial pursuits may be exacted as terms upon which the government will issue them national charters."

Mr. Kellogg appeared before the committee as the representative of the various organizations of railway trainmen.

Four of the general counsel of leading railways of the United States were present as representatives of a committee of twenty-one representing the railroads in every section of the country. They were Alfred P. Thom, general counsel of the Southern railway; Robert J. Cary, New York Central lines; Thomas W. Heath, Norfolk and Western; and B. D. Warfield of the Louisville and Nashville.

Exhaustive legal arguments were made by Mr. Kellogg and Mr. Cary. Mr. Kellogg took the position that there is absolutely no question of the constitutional right of congress to pass the proposed legislation requiring compensation of workmen injured in industrial pursuits regardless of whether or not the employee was guilty of neglect.

The railway counsel said they appeared simply in an advisory capacity and not as obstructionists and practically admitted that the legislation will inevitably be adopted very shortly in this country, as it has been in Germany, England and France, Norway and other European nations. It has been carried to greater lengths in Germany, they say, than anywhere else.

Mr. Kellogg has left for home. He may be asked to return to Washington to testify before the house committee on expenditures in the department of justice relative to the compensation he received from the government for his services in the Standard Oil case.

## EVIDENCE IN EDDY CASE

Adopted Son Wants Facts Regarding Her Life Brought Out.

Concord, N. H., June 15.—An affidavit filed in the United States circuit court here by Dr. Ebenezer J. Foster-Eddy, adopted son of the late Mrs. Mary Baker Eddy, asked that the testimony of several persons be taken in connection with the suit brought by Dr. Foster-Eddy to have the residuary clause of Mrs. Eddy's will declared void and the residue of her estate divided between himself and George W. Glover of Lead, S. D., Mrs. Eddy's son.

The facts desired to be brought out by this testimony relate to Mrs. Eddy's so called discovery of the art of healing diseases, her relations with Mrs. Stetson, details of the organization and finances of the First Church of Christ, Scientist, of Boston and the manner in which the agreement was procured whereby Messrs. Glover and Foster-Eddy, in consideration of a money settlement, agreed not to contest Mrs. Eddy's will.

## HOSE ROUTS RAILROAD CREW

Fire Department Stops Laying of Track on Street.

Houghton, Mich., June 15.—The Duluth, South Shore and Atlantic railroad is waging a war with the city of Hancock over the building of a spur across a piece of land claimed by the railroad, but which has been used as a street for a number of years.

The railroad company suddenly unloaded 160 workmen at the spot and commenced putting in the track with lightning speed. The chief of police ordered the work stopped and when his demand was ignored he called out the fire department and forced the workmen to quit at the point of hose nozzles. The city applied for an injunction to the circuit court.

## Norwegian Lutherans Meet.

St. Paul, June 15.—The twenty-second national convention of the United Norwegian Lutheran Church of America was opened in the Central Presbyterian church and will continue eight days. At the opening service the liturgy of the Lutheran state church of Norway was used.

to Nisswa this afternoon.

Don't overlook Crosby's 4th of  
July announcement in this paper. w2

C. W. Johnson, of Minneapolis, for-  
merly of the Radisson hotel, is now  
a clerk at the Ransford hotel.

J. C. Wood, of St. Paul, was in  
the city yesterday on his way to his  
summer home at Crooked lake.

"Salvator," natural process Malt  
beer, Jacob Schmidt Brewing Co., in  
pints, brown bottles. Coates Liquor  
Co. Telephone 164. 294-1mo

M. D. Stoner, general manager of  
the Cuyuna Range Light & Power Co.,  
arrived this noon from Deerwood.

Mrs. Mary Horner, who has been  
the guest of her daughter, Miss Jen-  
nie Horner, went to Staples today.

DR. BRUNS will be at the Hotel  
Ransford June 20 and 21. Glasses  
fitted correctly. Examination free.  
1013

Mr. and Mrs. A. M. Opsahl and  
family left today to attend the fun-  
eral of her father, William Seba, at  
Minneapolis.

Grace Carlson left today for Mil-  
waukee, Wis., where she will spend  
her summer vacation visiting Mr.  
and Mrs. A. G. Kroes.

If you are fatigued, try a bottle of  
Old Pilsener style lager beer, it is in-  
vigorating and refreshing. Order a  
case from the Brainerd Brewing Co.,  
Phone 213. 304tf

Harry Patek returned today from  
Minneapolis where he officiated as  
best man at the wedding of his  
friend, Bushnell McPhail.

A beautiful lake, plenty of boats,  
and a fine display of fireworks from  
a platform on the lake, at Crosby  
the 4th. Guess your girl wouldn't  
enjoy that some, Oh no! dtw2

Mr. and Mrs. Bert Webb, of Ander-  
son, Ind., arrived today to visit Mr.  
and Mrs. R. J. Hartley. Mrs. Webb  
is a sister of Mrs. Hartley.

The W. C. T. U. will hold a special  
meet at three o'clock tomorrow  
afternoon at the Y. M. C. A. parlors.  
All members are requested to attend.

Gutter, sheet metal work and gen-  
eral repairing, at D. M. Clark & Co's.  
7tf

J. C. Hessel, well known in the  
city, has returned from Albany, Ore.,  
where he made his home several  
years, and has taken a position on  
the road with the International Har-  
vester Co. The family are now re-  
siding at St. Cloud and it is Mr. Hes-  
sel's intention to remain there until  
the fall.

W. E. Lively is now equipped with  
the electric carpet cleaner formerly  
operated by Mr. Morris. You will  
oblige Mr. Lively by phoning in your  
orders early. 209-tf

The South Side Juniors defeated  
the Koop All Stars last evening by  
the score of 16 to 5. The feature of  
the game was the home run ham-  
mered out by Benda who batted the ball  
into Boom lake. The batteries for  
the South Sides were Cudihy and  
Thoe; for the All Stars Bush and  
Trent. The game was played at the  
Smith grounds.

If you could only see the ball team  
practicing these days you'd surely  
want to see the game the 4th at  
Crosby. dtw2

On Saturday and Sunday, June 17  
and 18, Major Clarence Boyd, of Min-  
neapolis, the provincial young peo-  
ple's secretary, of the Salvation Army  
in the Northern Province, will con-  
duct special meetings at the Salva-  
tion Army hall, 219 south Fifth  
street. The Major is a splendid mu-  
sician, a good singer and a capable

**APPOINTED DISTRICT DEPUTY**

J. J. Nolan is Selected as District De-  
puty of the Knights of  
Columbus

J. J. Nolan, of Brainerd Council  
of the Knights of Columbus, has been  
appointed district deputy of this or-  
der for the third district of Minne-  
sota. One of the chief duties of a  
district officer in this society is to  
organize a degree team and to con-  
fer all third degree work within his  
district.

This district now contains prosper-  
ous councils of Duluth, Bemidji, In-  
ternational Falls, Crookston and  
Brainerd. The deputy was formerly  
appointed from Duluth. Brainerd  
Council feels complimented on the  
appointment of Mr. Nolan, as it is  
seldom that so young a council re-  
ceives this honor.

**A Dreadful Wound**

from a knife, gun, tin can, rusty  
nail, fireworks, or of any other na-  
ture, demands prompt treatment  
with Bucklin's Arnica Salve to pre-  
vent blood poison or gangrene. Its  
the quickest, surest healer for all  
such wounds as also for burns, boils,  
sores, skin eruptions, eczema, chapped  
hands, corns or piles. 25c at all  
druggists. tts-w

**Water Birds.**

Water birds, singular as it seems, are  
the only ones whose skins never by  
any chance get touched by water. So  
long as they are alive and long after  
they are dead they float with an air  
chamber all round their bodies, cunningly  
contrived of waterproof feath-  
ers closely overlapping each other.  
Thus, in a sense, water birds may be  
distinguished from all others by the  
fact that they never wash, though we  
can hardly blame them for that, be-  
cause if water could penetrate be-  
tween their feathers the poor things  
would never be dry.

**A Charming Woman**

is one who is lovely in face, form,  
mind and temper. But its hard for  
a woman to be charming without  
health. A weak, sickly woman will  
be nervous and irritable. Constipa-  
tion and kidney poisons show in pim-  
ples, blotches, skin eruptions and a  
wretched complexion. But Electric  
Bitters always prove a godsend to  
friends. They regulate Stomach,  
women who want health, beauty and  
Liver and Kidneys, purify the blood;  
give strong nerves, bright eyes, pure  
breath, smooth, velvety skin, lovely  
complexion and perfect health. Try  
them. 50c at all druggists.

**Noisy Malcolms.**

Sir John Malcolm, the first chairman  
of the Oriental club, was a great talk-  
er and had been nicknamed "Bahaw-  
der Jaw"—it was said by Canning. It  
was a family failing, as we learn from  
Mr. Ralph Neville's "London Clubs."  
"There were ten Malcolm brothers,  
two of them admirals. All ten seem  
to have possessed the same character-  
istic, for when Lord Wellesley was as-  
sured by Sir John that he and three  
brothers had once met together in In-  
dia the governor general declared it to  
be "impossible—quite impossible." Mal-  
colm reiterated his statement, "I re-  
peat it is impossible. If four Mal-  
colms had come together we should  
have heard the noise all over India."

**True Sympathy.**

The thin man darted across the plat-  
form.  
"Will you hold the train a moment  
for my wife, conductor?" he gasped.  
"She is just crossing the street."  
"Can't do it," snorted the conductor  
as he raised his hand to signal the en-  
gineer.  
"But, conductor, she's going away  
to stay six months," cried the thin  
man. "If she doesn't go now she may  
change her mind."  
"I'll hold it," replied the conductor.  
—Cleveland Plain Dealer.

**Work Will Soon Start**

after you take Dr. King's New Life  
Pills, and you'll quickly enjoy their  
fine results. Constipation and indig-  
estion vanish and fine appetite re-  
turns. They regulate stomach, liver  
and bowels and impart new strength  
and energy to the whole system. Try  
them. Only 25c at all druggists.  
tts-w

## MAKI TO BE TRIED FRIDAY MORNING

Attorney W. W. Barron Demurred to Indictment and Demurrer Was Overruled

### MAKI ASKED TO PLEAD

Answers Evasively and Judge Stanton Enters Plea of Maki as Being Not Guilty

At two o'clock this afternoon Erick Maki was arraigned in the district court. Attorney W. W. Barron appeared as his lawyer and demurred to the indictment.

Mr. Barron stated that the indictment against Maki was vague and uncertain, that it did not allege definitely the offense committed, that it did not state that this alleged offense had been committed by premeditation.

"The indictment," continued the attorney, "is uncertain, verbose, prolix and it would take an expert grammarian to decipher its meaning after reading and re-reading it. Section 5305 of the statutes declares that offenses should be clearly set forth and without repetition. This man Maki is unable to understand the English language and the statute should be strictly enforced in his case. An indictment, in dealing with such a man, should be well drawn. It does not inform the accused of any definite offense."

Judge C. W. Stanton overruled the demurrer.

Maki was then arraigned before him. Frank Nurmil, the interpreter, stood at the elbow of the accused. The court room was crowded and every ear was strained to hear what the prisoner said.

"Do you plead guilty or not guilty?" asked Judge Stanton.

The interpreter translated it and Maki indulged in a rambling talk which when translated stated that he knew nothing about the crime with which he had been charged.

Judge Stanton then ordered that as Maki had replied evasively and had refused to plead directly, that a plea of "not guilty" be entered.

He asked when Attorney Barron would be ready for trial and Mr. Barron stated tomorrow morning.

Judge Stanton then set the trial of Maki for Friday morning at nine o'clock and all witnesses present were instructed to be at the court room at that hour.

### ATTACHMENT DISMISSED

C. A. Ruffee and W. H. Rose Make Satisfactory Explanation to Court About Absence

The attachment for contempt of court issued against C. A. Ruffee and W. H. Rose was dismissed today as both gentlemen appeared in court and made a satisfactory explanation to Judge C. W. Stanton why they were not present at the call of the grand jury for Tuesday morning.

### Notice

The Lady Macabees will meet Friday evening, June 16th, at the hall in Citizens State bank block at 8 o'clock sharp.

ADELINE McMANNIS,  
Record Keeper.

### YOUNG GIRL PASSES AWAY

Annie Mary Olson, Aged 18, Died of Tuberculosis on Wednesday Evening

Annie Mary Olson, of 1514 Laurel street, Southeast Brainerd, passed away last evening at nine o'clock. She had been suffering with tuberculosis and had been sick since last December. She was born in Brainerd October 23, 1893 and attended school until about three years ago. As a member of the Swedish Mission church she took an active interest in the church and was a devoted member of the Young People's society.

She was confirmed three years ago by Rev. Engstrom, of Duluth, who was then pastor of the church in Brainerd. When he was in the city two weeks ago she expressed the wish to see him and the minister called on the dying girl. Her mother died some time ago. She leaves her father, John Olson; a sister Mrs. E. Westberg, of Denver; a brother, Emil Olson, of Duluth, and step mother, Mrs. John Olson.

The funeral will be held on Friday afternoon at two o'clock from the residence and at three o'clock from the Swedish Mission church. In the absence of Rev. C. W. Boquist, the pastor of the Swedish Baptist church, Rev. Karl A. Lundin will officiate. The pall bearers will be six boys of the Young Peoples society of which she was a member. The sympathy of their many friends is extended the family in its sad bereavement.

## BRAINERD WILL CELEBRATE FOURTH

Special Meeting of Trades & Labor Assembly Decides to Hold a Celebration

AT GILBERT LAKE JULY 4TH

Executive Committee Selected—Sports for Children, Dancing, Boating, Refreshments

At a special meeting of the Trades & Labor assembly it was decided to celebrate the Fourth of July by holding a picnic at Gilbert lake.

An executive committee was appointed to take charge of the celebration consisting of P. F. Brown, chairman; Joseph Gabiou, A. A. Weidemann, Martin Wicklund, Jas. J. Christiansen, Anton Link, Frank J. Engelhart and John Taylor.

A program of sports will be prepared for the children. It will be a "sane" Fourth celebration and dancing, boating and the pleasures of picnicking will contribute to make it a happy day. Refreshments will be on hand at the grounds.

A general good time is anticipated as these events, given as a rule, regularly by the Trades & Labor assembly, have invariably been most successful and have always drawn large attendances.

The Little Brother Again. Modest Suitor—I am going to marry your sister, Jimmy, but I know I am not good enough for her.

Candid Little Brother—That's what sis says, but ma's been telling her she can't do any better.—Baltimore American.

## ANOTHER BOAT LINE ON LAKE

Wm. Ellmore, of Deerwood, Put in Two Launches on Serpent Lake and Builds a Dock

### THE COUNCIL HAS A MEETING

Frank Huhn, of Minneapolis, so Impressed With Deerwood, Will Stay all Summer

Deerwood, Minn., June 15.—William Ellmore, the village blacksmith, has launched his two gasoline boats on Serpent lake and within a short time will inaugurate passenger service on his new launch line plying between Deerwood, Crosby and Iron-ton. He commenced work Wednesday on his dock south of the Ingalls Motor Boat Co. dock.

The Ingalls Motor Boat Co. has completed its dock arrangements at Deerwood and his wired it and illuminated it with a large electric light. A waiting room will soon be built for the accommodation of travelers. The boats make good time and all employees are courteous, prompt and reliable. The boats runs as promptly on schedule time as any line of street cars.

At the last session of the village council permission was given the Ingalls Motor Boat Co. to use for one year the northeast corner of lot 4, block 14, presumably for dock purposes. Ordinance No. 9, prohibiting the running at large of cattle, received its second reading. The Cuyuna Range Light & Power Co. was asked to put in a meter and switch in the village hall. Peter Brandt was given permission to build a stairway to the basement of his building providing a railing was placed around it on the sidewalk. The village clerk was instructed to ask the Northern Pacific railway to build a cement sidewalk from the depot to connect with the walk on the north side of Railroad street. Grades were ordered established for walks on the north side of Serpent road from the corner at the village hall to the southeast corner of block 1 Archibald's addition and on the north side of Forest road from Maple road to the intersection with Serpent road. Among the bills allowed were Joe Etzler, street labor \$12.60; Andrew Christianson street labor, \$9.45; Claus J. Olson, street labor, \$9.45; M. S. Lamey, salary for May, \$60; Walter S. Booth, supplies, \$11.85; Deerwood Enterprise printing April and May, \$5.86. Consideration of the bill of the Cuyuna Light & Power Co. was deferred and the clerk was instructed to gain further particulars.

"Dad" Lechleiter is the guest of his son-in-law C. H. Adams. Dad maintains that the fishing around Deerwood is better than anything in Texas or Missouri.

The exterior work of the A. S. Nygard store building is about completed.

Frank Huhn, the grain man of Minneapolis, who was spending a few days fishing with his friend C. J. O'Connell, has changed his mind when he saw the beauties of nature unfolded at Serpent lake and the vicinity of Deerwood and has concluded to let the Minneapolis chamber of commerce fight its own battle while he spends the summer fishing, swimming and boating near Deerwood. On Wednesday he received his canoe from Minneapolis and some time this week a portable camping cottage will be shipped up.

"Chemical" Rogers, as he is affectionately called, wears a smile these days because his family has arrived

from Coleraine and they are now reunited. His son Buster thinks Deerwood the best town he has ever been in.

Mr. McDevitt, of the Cloquet Tie & Post Co., has rented the Coffin homestead and will soon have his launch on the water of Serpent lake.

The foundation work and most of the basement of the new school house is completed and Contractor A. A. Roberts, of Duluth, is making good progress.

Roadmaster and Mrs. T. J. Tyler and family of Deerwood, are now domiciled in their summer cottage near Ministers point.

Charles Osterlund, the druggist, has installed a large bookcase and convenient seats in his drug store. Mr. Osterlund was angling for the festive sun fish all day Wednesday.

J. A. Stetson, of Duluth, has completed his seven room cottage in Crosby Beach and will soon have his family down from Duluth to enjoy the Serpent lake breezes.

C. W. Potts has completed his seven room house on Serpent lake in Crosby Beach and has been joined by his family who recently arrived from Nebraska.

Roy Eaton, receiving teller of the First National bank of Duluth, has arrived with his family to spend the summer in Deerwood. They are residing near Reno lake.

While unloading a launch L. B. Cunningham severely injured his hand and is now wearing it in bandages.

Thomas Keating has gone to Superior, Wis., and will be absent several days attending to business matters.

On Sunday, June 18th, Deerwood and Cuyuna will play at Cuyuna and a good, exciting game of baseball is anticipated.

Nothing is said about a Fourth of July celebration in Deerwood and it is now supposed that everyone will go to Crosby and help that sister city celebrate.

John Oberg and Charles Oberg were fishing Wednesday. Gust wanted to go too but somebody had to stay in the store.

F. L. Pitt has commenced excavation work near his residence and it is said he intends to build a house. Street grading has been done on Second street west.

Charles Oberg, John Oberg and Gust Franzen recently took an auto trip to Minneapolis.

Eleanor Anderson, Nettie Gibson, Corna Clark, Marie Clark, Margaret Day, Gladys Alger and Madeline Canan, of Brainerd, recently enjoyed an outing at Deerwood.

Mrs. C. D. Johnson, wife of Senator Johnson, of Brainerd, is the guest of Mrs. Whitten, on Serpent lake.

Miss Laura Johnson, of Brainerd, recently visited the Misses Bishop. Mrs. C. Bruhn and daughters, of Brainerd, were Deerwood visitors Wednesday.

The ladies of Deerwood met with Mrs. E. A. Lamb on Wednesday afternoon and engaged in sewing for charitable purposes. The rooms were beautifully decorated with roses.

Next Sunday at 10:30 A. M. there will be cradle roll services at the Methodist church. William Seafeld is at Duluth this week.

Positive assurance has now been received that President Taft will come to the quarter centennial celebration of the Michigan College of Mines on August 8, coming from Buffalo on the steamer Northwest. He will leave Houghton on August 9. Governor Osborn is also coming. Many of the engineers and mining men of the Cuyuna, Vermilion and Mesaba ranges as well as the Michigan ranges are graduates of this college of mines and the event is of the greatest importance in mining as well as educational circles.

Supt. H. J. Kruse, of the Rogers, Brown Ore Co., is a graduate of the college and was active in suggesting that President Taft should be induced to attend the celebration.

### BEQUEST FOR MINNESOTAN

Will of Late Henry Baldwin Leonard of Williamstown, Mass., Leaves \$1,000 to B. J. Heald

Under the terms in the will of the late Henry Baldwin Leonard, of Williamstown, Mass., bequests of \$1,000, each are made to Ben J. Heald, of Hubert, Minn., and three others whom he designated as his particular friends.

Mr. Leonard was a graduate of Williams college. After making his fortune in the Middle West, living at Chicago, he returned to live in Williamstown.

### DISTRICT COURT NEWS

Two Cases in the Fisk Receivership Matters are Decided in Favor of the Defendants

In the case of Charles D. Fisk, receiver vs August Hackert, the jury brought in a verdict in favor of the defendant.

The case of Charles D. Fisk, receiver vs William Musolf was on trial today and the jury here also brought in a verdict in favor of the defendant. This completes all of the Farmers Store Co. cases for this term as the balance of the suits will go over to the next term of court.

## DEDICATE CHURCH SUNDAY JUNE 18

Norwegian-Danish Lutheran Church Dedication Ceremonies Will be Most Impressive

ADDRESS BY RT. REV. BJORGO

Former Pastors of the Church Will be in Attendance and Assist in the Dedication

Sunday morning, June 18, at 10:30 will occur the dedication ceremonies at the Norwegian-Danish Lutheran church on the corner of Oak street and Bluff avenue and the event will be notable in church circles from the fact that the Rt. Rev. K. Bjorgo, of Red Wing, the president of the Minnesota district of the Norwegian Lutheran synod, will deliver the chief address.

Among the pastors in attendance will be Rev. J. Rorvik, of Portland, N. D., who was one of the early pastors of the Brainerd church. Rev. D. J. Grove, of Fergus Falls, is also coming. He served this congregation the longest number of years of any pastor here. Rev. H. W. Sorenson, of Shevlin, Minn., is a Danish minister of the synod who will participate in the services. Rev. T. L. Rosholt, of Renville, is coming. He is the predecessor of the present pastor. Rev. C. Hougstad, pastor of the church, will deliver a short address in English in the forenoon.

The music, and singing by the choir, has been specially prepared for these dedication ceremonies. Among the visitors will be Mrs. J. Rorvik, of Portland, N. D., Miss Grove, of Fergus Falls, and many Long Lake, Pequot, Deerwood and other towns.

At the evening services Rt. Rev. Bjorgo will deliver an address covering the history and development of the synod. It was between 25 and 30 years ago that the Brainerd church was founded and during this period it has had six pastors. The congregation at the present time embraces in the neighborhood of 40 families. The present church was built in 1904. Rev. C. Hougstad, has been the local pastor four and one-half years, coming from Lodi, Wis. Under his guidance there has been a steady growth in membership and enthusiasm and the congregation has exercised its part in the moral uplift of the city.

A cordial invitation is extended by the pastor and committee of the church to the citizens of Brainerd to attend the dedication ceremonies.

June Bride Score

Marriage licenses issued in June 1910 and 1911, are herewith offered in comparison and indicate that June of this year is falling behind last year's record. The figures are:

1910—June 1 to 13.....11

1911—June 1 to 13.....7

This shows a loss of four licenses and Clerk of Court W. A. M. Johnston is really unable to account for it.

Times are certainly better than last year. Crops are showing up well, the shops are running full time, the foundry will soon start, the Cuyuna range is shipping ore, there is no drought—what more could one wish?

If prosperity and matrimony go hand in hand it is high time matrimony got busy and boosted the license figures for 1911.

### Showered With Socks

Frank G. Hall, business manager of the Brainerd Tribune, was given a sock shower last night. Mr. and Mrs. C. A. Albright entertained the Black Hawk club in honor of Mr. Hall, whose marriage is to occur the latter part of June to Miss Towle of Minneapolis, and Mr. Hall was liberally showered with these articles of wearing apparel.

**The Delights  
In Baking With  
CALUMET  
BAKING POWDER**

To fully appreciate the real pleasure of baking, buy a can of Calumet and as a test bake a batch of biscuits. See how light and wonderfully raised they come from the oven. Then break one of them open and note how thoroughly, evenly and fluffily the dough has risen. And the final test—the one that counts—butter and taste. This test will prove to you that Calumet is the most dependable baking powder for every purpose. It will prove its economy over the high-price trust brands and its great superiority over the cheap and big can kinds. For Calumet is highest in quality—and moderate in cost. Received Highest Award World's Pure Food Exposition.

### Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

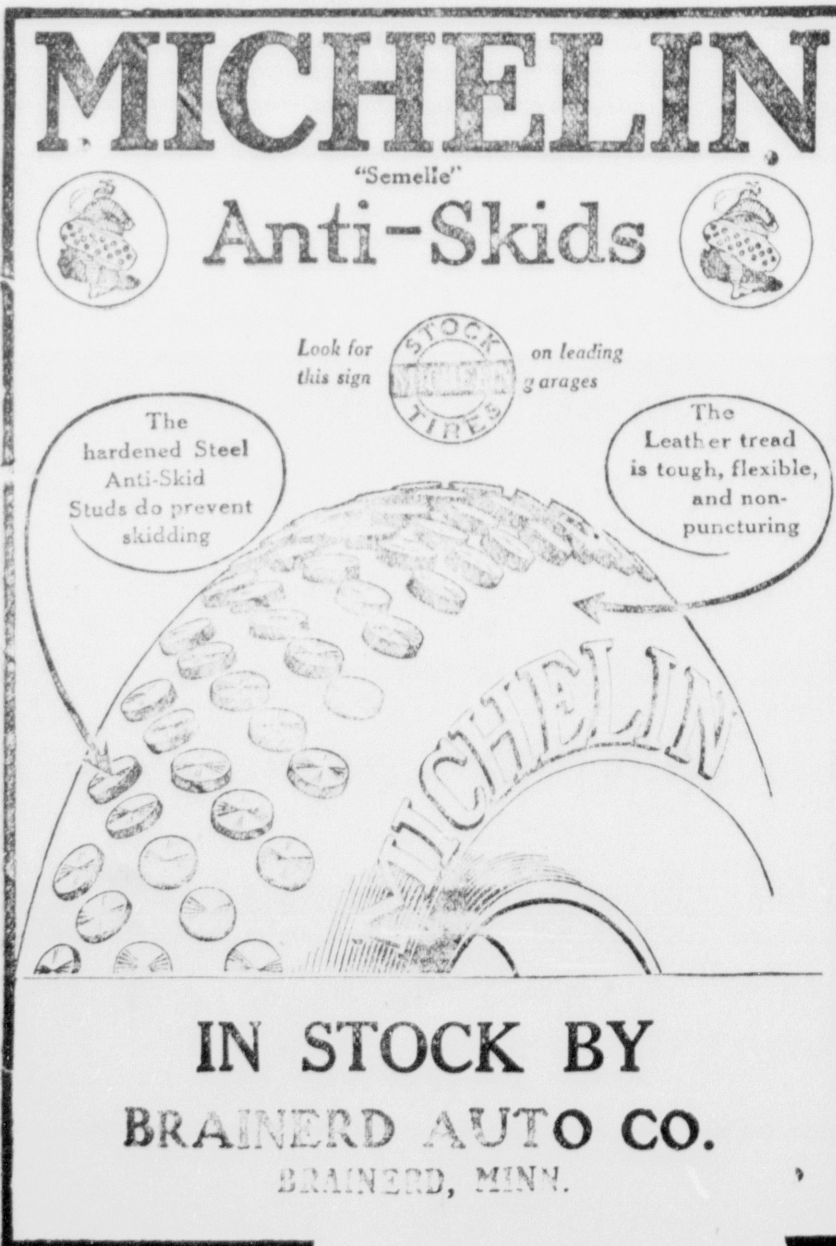

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

**New Perfection  
Oil Cook-stove**

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. ### MANUFACTURES IN DULUTH

The Census Bureau's Tentative Summary for 1909 Covering City of Duluth

Washington, D. C., June 15, 1911. A preliminary statement of the general results of the Thirteenth United States Census of manufactures of the city of Duluth, Minn., was issued today by Acting Census Director Falkner. It contains a summary comparing the figures for 1904 and 1909, by city totals, prepared under the direction of Mr. William M. Steuart, chief statistician for manufactures, Bureau of Census. The figures are subject to such revision as may be necessary after a further examination of the original reports.

The summary shows nothing but increases in the several items, as follows: 91 per cent in the cost of materials used; 86 per cent in the capital invested; 69 per cent in the value of products; 67 per cent in the salaries and wages; 62 per cent in the miscellaneous expenses; 52 per cent in the average number of wage earners; 51 per cent in the value added by manufacture; 35 per cent in the number of salaried officials and clerks; and 19 per cent in the number of establishments.

There were 194 establishments in 1909, as compared with 163 in 1904; an increase of 31, or 19 per cent. The value of products in 1909 was \$17,180,000 and \$10,129,000 in 1904, an increase of \$7,051,000, or 69 per cent. The average per establishment was approximately \$89,000 in 1909 and about \$62,000 in 1904.

The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year, and does not necessarily have any relation to the amount of sales for that year. The values under this head also include the amount received for work done on materials furnished by others.

The preliminary totals for steam laundries for Duluth, Minn., in 1909, are not included in the foregoing list, as the thirteenth census was the first at which they were canvassed, and therefore they are here given separately, as follows: Number of establishments, 10; capital \$360,000; cost of materials used, \$60,000; salaries and wages, \$168,000; miscellaneous expenses, \$50,000; value of products \$352,000; number of salaried officials and clerks, 44; and average number of wage earners employed during the year, 315.

### The Respectful Page.

One of the clubs in Philadelphia has a veteran member who takes a nap in the library every evening after dinner. He is notorious for his loud snoring. The other night a young member, new to the club, was so annoyed by the noise that he beckoned a page and indignantly pointed to the offender. The page hurried over, took the sleeper by both shoulders and shook him vigorously until he awoke.

"What—what the dickens?" the veteran protested, and the young member was transfixed with apprehension. But the page had full command of the situation.

"Did you ring, sir?" he asked respectfully.—Saturday Evening Post.

### Frenzied "Fun."

A strange youth rambled on the ferryboat. First he whacked a friend on the back with a folded newspaper. Next he took off a man's hat and laid it on the deck. Then he pulled a cigar out of another pal's pocket, bit off the end and handed it back to him. Following this, he stepped on still another friend's newly shined shoes, pulled the end of his necktie out of his vest and finally dropped a cigarette down his back.

"Escaped lunatic?" queried a curious bystander.

"Oh, no," replied a commuter who hailed from the strange youth's town. "He is merely the village cut-up."—Philadelphia Telegraph.

Duluth, Minn.,

### A UNIQUE ATTRACTION

At the Grand the Balance of the Week is "The Artist and the Model"

Concerning this beautiful attraction the St. Paul Dispatch of December 15th, says:

"Few participants in vaudeville have gained the culture received by Albert Gray, who presents at the Majestic this week an ingenious sketch entitled 'The Artist and the Model.'"

Before his graduation from Harvard Mr. Gray excelled there as an athlete and as a student in the musical department. With a view to improve his fine baritone voice he took a four years course in Paris, and also studied at the University of Paris. Becoming a professional singer he created the role of Scald, in the Swedish opera, Fridtjof and Ingeborg. He was also Wolfram in Tannhauser and Marcel in Beheme.

On his return to America he was the Pacific coast manager of Mr. Padewski.

It was while he was a student in Paris that Mr. Gray conceived the basic idea of his present sketch, wherein with the incidental aid of much scenery and many electrical effects, he produces living copies of famous paintings.

During one of the poses Mr. Gray sings "The Rosary," composed by his old friend Ethelbert Nevin, with whom the vaudevillian roomed in Paris for many months."

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENNEY & CO., Toledo, O. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

### Windows.

Utility is the mother of nearly all decorative features. Windows were first designed to give light. The history of glass shows that the useful has taken decorative prominence. In old colonial houses glass in small panes was used probably because it was cheap. The sash was divided by small pieces of wood, called muntions. After many years glass came to be used in large sizes, and of recent years it has been the practice to have but a single sheet, often in a very large size, of plate glass. These are permissible only where the view warrants their use. The average house or cottage is better without them, as they suggest the show window of a shop rather than a home.—Argonaut.

### Wins Fight for Life

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay-fever, or any throat or lung trouble its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists. ttw

### Railway Language.

The old elaborate booking process has given way to the impersonal rail way ticket taking, but the old name "booking office" remains as a fossil.

Railway language in this country is full of such relics. Our railway carriages are "coaches," the engine is in charge of a "driver" and a "guard" is in charge behind. All these expressions are directly inherited from the old coaching days. In America they have "ticket offices," "cars," "engineers" and "conductors," good enough words, but without any history.—London Chronicle.

### THE MAN WHO FAILS.

What will you say to the man who has failed in business or in his moral life? Do not mock him with even well meant reproaches. Answer him as Napoleon answered one of his marshals. The marshal rode up and said, "General, I fear the battle is lost." Napoleon coolly looked at his watch and replied: "Time for another battle. Summon the army to a fresh charge."—Perrin.

### MANUFACTURES IN WINONA

The Census Bureau's Tentative Summary for 1909, Covering Manufacturing Statistics

Washington, D. C., June 15, 1911. A preliminary statement of the general results of the Thirteenth United States Census of Manufactures of the city of Winona, Minn., was issued today by Acting Census Director Falkner. It contains a summary comparing the figures for 1904 and 1909, by city totals, prepared under the direction of Mr. William M. Steuart, chief statistician for manufactures, Bureau of Census. The figures are subject to such revision as may be necessary after a further examination of the original reports.

The summary shows nothing but increases, as follows: 50 per cent in the value added by manufacture; 48 per cent in the number of salaried officials and clerks; 43 per cent in the value of products; 39 per cent in the cost of materials used; 32 per cent in the miscellaneous expenses; 29 per cent in the capital invested; 22 per cent in the salaries and wages; 15 per cent in the number of establishments; and 4 per cent in the average number of wage earners employed during the year.

There were 39 establishments in 1909, as compared with 26 in 1904, an increase of 13, or 50 per cent. The value of products in 1909 was \$11,200,000 and \$7,500,000 in 1904, an increase of \$3,700,000, or 49 per cent. The average per establishment was approximately \$113,000 in 1909 and about \$91,000 in 1904.

The value of products represents their selling value or price at the plants as actually turned out by the factories during the census year, and does not necessarily have any relation to the amount of sales for that year. The values under this head also include the amount received for work done on materials furnished by others.

The preliminary totals for steam laundries for Winona, Minn., in 1909 are as follows: Number of establishments, 3; capital, \$36,000; cost of materials used, \$12,000; salaries and wages, \$25,000; miscellaneous expenses, \$7,000; value of products \$57,000; number of salaried officials and clerks, 4; and average number of wage earners employed during the year, 72.
